EDUCATION

COMPUTER SCIENCE

Kyiv Polytechnic Institute

Bootcamp, May 2024 - May 2025

Mate academy

- Developed, maintained, and shipped production code primarily using HTML, CSS/Sass, JavaScript, TypeScript, React.js/Redux, and Express.js.
- Gained practical expertise through mentorship.
- Acquired comprehensive knowledge of web development best practices, emphasizing proper semantics, accessibility, and web performance.
- In my team projects, I was responsible for performance optimization, and my expertise helped cut FCP and LCP times by more than half, significantly improving the overall speed index.
